**Re: WORKING IN PARTNERSHIP.**

South Cambridgeshire District Council Environmental Services Department is pleased to welcome to its *Working in Partnership Scheme* to divert waste from landfill.

**B.J. Waller Ltd  
Stretham**

B J Waller Ltd has appointed S.C.D.C Environmental Service to be their waste and recycling contractor for the foreseeable future. The company are now able to recycle all of their cardboard and paper waste; both these products are recycled into new material not composted like some companies processes, this has cut their landfill footprint down considerably; prior to using S.C.D.C. 100% of their waste went into landfill.

Later in 2010 S.C.D.C. will be offering a co mingle collection for dry recyclables to B. J. Waller to recycle any plastics, glass, tins, etc.

Diverting waste from landfill is very important for businesses and the environment, B J Waller are a forward looking company, recycling to help the environment and their 'green policy' has a high profile in their agenda.

*Working in Partnership* with S.C.D.C. has enabled B J Waller to achieve their aims.

John Caulkett  
Commercial Waste and Recycling Officer.
