

## SAFE RANGE

# A Guide to Choosing The Correct Type Of Safe

We offer a range of safe's all with different ratings and purposes. To ensure you are purchasing the correct safe please fill out the form below with as much information as possible, then you can either email this to us at [sales@bjwaller.co.uk](mailto:sales@bjwaller.co.uk) or call on 01353 647111 to speak to a member of our Sales Team.

**What items are being placed in the safe?**

**What type of safe is preferred?**

- Free Standing (consider fixing the safe to the floor)
- Wall Safe
- Underfloor

**What type of locking is required?**

- Key Locking
- Electric Pin Code

**Do you have a specific cash rating?**

- EN14450 (S1 or S2) £2 - £4000 cash rating
- EN 1143-1 (Grade 0 - 13) £6000 - £3.5 million rating

**Is fire protection needed?**

- If so for how long? 30 minutes or 60 minutes?
- Is fire protection needed for paper only or paper and computer media?

Once the safe has been selected we recommend the details are given to your insurance company to ensure they will cover the amount required and also confirm the cash rating.
